

HOME EDUCATION: LIGHT UP DRAMA OFFER

HOME ED DRAMA CLASSES
For performing arts education in a social & fun setting

AN OPPORTUNITY TO BE
CREATIVE, BUILDING
CONFIDENCE & CHARACTER
IN A SOCIAL AND
SUPPORTIVE
SETTING.

When we first rolled out our Light UP Home Ed offer 3 years ago, we never imagined how much it would grow in such a short time. From Shirley to Fareham, Home Ed students and families are enjoying the amazing benefits a performing arts education can provide.

Students have an opportunity to work and socialise with other home educated children and young people and for parents it's a great chance to connect with a community of parents doing the same. Since beginning our Home Ed offer, we've been thankful to expand to other locations and hope to continue developing this program to offer it in other areas where there is a need and desire to Light UP.

With more Home Ed families than ever, we are happy to open the doors of UP Studios as our new Hamble location for 2021. In doing that, we hope that even more children can now access our classes to help their children benefit from access to the self-esteem boosting, curiosity encouraging, buzz of achievement feeling, benefits that drama can provide.

BEGINNERS

Our Beginners class is designed to boost confidence, encourage play and imagination increasing self-esteem through a variety of engaging games and activities leading to internal showcases for our budding actors aged 4-9.
